01 ABOUT ROUDY

Three decades of olive craft in Abu Ghaleb.

Roudy Olive Factory was established in 1995 in Abu Ghaleb, Giza, on the Cairo–Alexandria Desert Road. Our pickling specialists prepare, cure and marinate each batch, then pack it in the format each market needs, from family-size glass jars to bulk containers for re-packers.

Mission

To deliver carefully prepared, flavourful olives and pickles, packed to meet the practical needs of retailers, kitchens and importers.

Vision

To be the Egyptian olive partner that international buyers can reorder from with confidence, through consistent processing, a growing range and clear communication.

Quality · Integrity · Tradition · Innovation · Teamwork · Customer satisfaction

From fresh fruit to sealed pack, under one roof.

01 Receiving

Fresh olives and vegetables are received and checked on arrival.

02 Sorting & grading

Fruit is sorted and graded by size and quality.

03 Curing & processing

Natural fermentation, brining and oxidation for black olives, depending on the product.

04 Preparation

Pitting, slicing, stuffing and grilling for the formats that need it.

05 Filling & sealing

Packed into glass, PET, tin or bulk containers with brine.

06 Storage & loading

Finished goods are stored, palletised and loaded for dispatch.
